Fatty acids repair: damaged hair while Vitamin E and the antioxidants ingredients promote hair growth and prevent it from ageing.

argan oil

HGL SYSTEM

HGL SYSTEM is a blend of vegetable extracts & active ingredients actives that minimise colour fading, & shielding & repairing the hair shaft from the external agents.

ORGANOSILICON the hair antistatic effect, and silky softness.

ESSENTIAL OILS nourish, hydrate and add shine to the hair.

ANTI-AGE MICROEMULSION COMPLEX

slows the oxidation process and guarantees an optimal release of the pigment inside the hair.

The mixture's (colouring cream + peroxide) oxidation process is not as fast as the traditional hair colour systems, to allow the pigments to be shielded inside the colour molecule until they target the inner part of the hair.
